Dear Ed, The more the Kennedys are plagued by questions to which they can make no answer other than Martin's to you the less chance there is of their ever taking any other position in public. If they are left alone and if responsible comments are not intermingled with the flood from buts there is a chance this can change. They really have isolated themselves from any investigation, including that of the Commission and given what has followed 11/22/63 can you really blame them? The time will come when it will be possible for them to take a different position. But the greater the flood into Teddy's office the more his staff is bpund to get turned off. Please leave them to dwvelopments and need, which will come. Don't be an unintended part of defeating what in time will be possible. Best, HW 9/16/74
